98-RF-06133

Sandi MacLeod General Engineer DOE, RFFO

TRANSMITTAL OF THE CLOSURE DESCRIPTION DOCUMENT (CDD) FOR THE BUILDING 788 CLUSTER DECOMMISSIONING PROJECT- KAD-059-98

Enclosed please find the (CDD) for the Building 788 Cluster Decommissioning Project. Copies are to be formally forwarded to the Regulatory Agencies for their review and comment. As discussed earlier, a copy will be delivered to James Hindman of the Colorado Department of Public Health and Environment (CDPHE) on Monday, January 4, 1999, at his office in Trailer 124A.

As agreed to in the meeting Tuesday, December 29, 1998, the Site Hazard Assessment Report (SHAR) will detail the radiological contamination activity. The SHAR will be provided to the Department of Energy (DOE) and Regulatory Agencies under separate cover.

The project is looking to receive comment from the DOE and the State by February 4, 1999, or sooner if possible. The project understands that the Regulatory Agencies have 30 days to review and submit their comments on this document. If there are any concerns regarding this request, please contact me at extension 6034 as soon as possible to work through any issues.
